## Our tournament mission:

The annual Mid South Health System Golf Tournament raises money for the **healthcare and housing needs of children and adults with serious mental illness** in twenty Eastern Arkansas Counties .

Because of their mental illness and limited resources, our clients are often struggle with even general health care or housing demands. With the great community support in our past tournaments, we have been successful in obtaining critical services for many clients as well as matching grants. In addition several area dentists and physicians have helped by volunteering their services or by charging reduced rates.
